

Federal Web sites unwittingly reveal treasure trove of security data

Agency or department	URL	Web server and SSL data as reported	Operating system as reported	Comments
Agriculture	USDA.gov	Apache HTTP Server 1.3.26 for Unix PHP 4.2.2	Solaris 8	Alternates between reporting Solaris 8 at 151.121.3.129 and Solaris at 199.141.9.195, average time between reboots 75 days
Air Force	AF.mil	Netscape-Enterprise/4.1	Solaris 8	Alternates between reporting Solaris and Solaris 8, erasing historical data
CIA	CIA.gov	Unknown	Solaris 8	Probably Netscape-Enterprise/4.1 because reports alternate between that and "unknown," average time between reboots 140 days
Commerce	DOC.gov	Apache 1.3.27 mod_ssl/2.8.12 OpenSSL/0.9.6b mod_perl/1.26	Red Hat Linux	Microsoft Internet Information Server from 1999 to May 2002
Defense	DefenseLink.mil	Netscape-Enterprise/4.1	Solaris 8	Alternates between reporting Solaris and Solaris 8
Education	ED.gov	IBM HTTP Server 1.3.19.2 and Apache 1.3.20	Solaris 8	Alternates between reporting Solaris and Solaris 8
Energy	Energy.gov	Apache 1.3.22	Solaris 8	Apache 1.3.6 from November 2000 to March 2002
Environmental Protection Agency	EPA.gov	Netscape-Enterprise/4.1	Compaq Tru64 Unix	Same versions since January 2001
Federal Aviation Administration	FAA.gov	Microsoft Internet Information Server 4.0	Windows NT 4.0/Win 98	Same versions since November 2000
Federal Communications Commission	FCC.gov	Netscape-Enterprise/4.1	Solaris	Same versions since November 2001, longest uptime 57 days in 2001
Federal Emergency Management Agency	FEMA.gov	Apache 1.3.26 mod_jk/1.2.0 mod_perl/1.25 mod_ssl/2.8.9 OpenSSL/0.9.6g	Linux	Longest uptime 211 days in 2002, average time between reboots 109 days
General Services Administration	GSA.gov	Netscape-Enterprise/4.1	Solaris	Same versions since 2000, longest uptime 260 days in 2002
Geological Survey	USGS.gov	Apache 1.3.12	Linux	Same version since April 2002, longest uptime 234 days, average time between reboots 71 days
Health and Human Services	OS.DHHS.gov	Netscape-Enterprise/6.0	Solaris 8	Netscape-Enterprise/3.6 under Solaris from Nov. 15, 2002, to Nov. 23, 2002
Homeland Security	DHS.gov	Oracle9i Application Server 9.0.2, Oracle HTTP Server, Oracle9iAS Web Cache 9.0.2.1.0 (N)	Linux	Windows 2000 and Macromedia JRun Web Server from Jan. 17 to Jan. 26, 2003
Housing and Urban Development	HUD.gov	Netscape-Enterprise/6.0	Solaris 8	Switched from Netscape-Enterprise/4.1 under Solaris Aug. 15, 2002, longest uptime 84 days
Interior	DOI.gov	Apache 1.3.26	Solaris	Apache from September 2001 to February 2002, then NT 4/IIS until May 2002, longest uptime 180 days
Justice	USDOJ.gov	Netscape-Enterprise/6.0	Solaris 8	Alternates between Netscape 6.0 and Netscape 4.0 under Solaris, longest uptime 486 days
Labor	DOL.gov	Microsoft IIS 4.0	NT 4.0/Win 98	Same versions since May 2001
NASA	NASA.gov	Netscape-Enterprise/3.6	Solaris	Same version since 1999, longest uptime 493 days, average time between reboots 419 days
Navy	Navy.mil	Apache/1.3.27 mod_ssl/2.8.12 OpenSSL/0.9.6g	Solaris	Switched from Netscape-Enterprise/4.1 under Solaris 8 Aug. 15, 2002, longest uptime 84 days
Securities and Exchange Commission	SEC.gov	Unknown	Linux	Disguised, average time between reboots 269 days
Selective Service System	SSS.gov	Microsoft IIS 4.0	NT 4.0/Win 98	Same versions since November 2000
State	State.gov	Netscape-Enterprise/4.1	Solaris 8	Changed from Mac OS and WebStar 4.3 ID/74011 in January 2001, average time between reboots 230 days
Transportation	DOT.gov	Apache 1.3.27	Solaris 8	Apache 1.3.14 from December 2000 to November 2002, longest uptime 152 days in 2002
Treasury	USTreas.gov	Netscape-Enterprise/6.0	Solaris 8	Same versions since November 2001, longest uptime 379 days in 2002, average time between reboots 330 days
Veterans Affairs	VA.gov	Microsoft IIS 4.0	NT 4.0/Win 98	Same versions since June 1999
White House	WhiteHouse.gov	Unknown	Linux	Disguised, average time between reboots 183 days
