

A TALE OF TWO IPv6 SURVEYS

GOVERNMENT AND INDUSTRY are both trying to gauge how well agencies are proceeding in their move to IPv6. While their assessments differ, it's clear progress has been modest, but things should start picking up.

HAVE YOU?

Inventoried existing devices?	31%*
Assigned a coordinating officer?	28%
Identified funding?	22%
Conducted impact/risk analysis?	20%
Received funding approval?	17%
Identified benefits of IPv6?	9%
Finished your transition plan?	8%

* Percent of 200 government IT managers surveyed
Source: Market Connections Inc./Cisco Systems, June 2006

HAVE YOU?

Conducted a requirements analysis?	63%*
Developed an EA-integrated implementation plan?	67%
Developed IPv6 policies?	58%
Developed IPv6 training material?	63%
Developed a test plan for interoperability?	54%
Begun migration in a phased approach?	58%
Begun IPv6 maintenance and monitoring?	42%

* Percent of 24 major agencies
