REDMOND VENDOR PROFILE

## Think your Anti-Virus is Catching Everything?

**H**ow confident are you in your IT security efforts? Could your organization survive a data breach?

It's easy to take IT security for granted, but with over 60,000 new malware pieces created each day, relying only having anti-virus simply isn't sufficient to battle the increasing complexity and frequency of attacks.

For over 10 years Faronics has helped businesses manage and secure their IT environments. Faronics is the ONLY endpoint

security software vendor to offer a comprehensive layered security solution consisting of anti-virus, application whitelisting, and instant system restore protection.

Incorporated in 1996, Faronics has offices in the USA, Canada and the UK, as well as a global network of channel partners. Our solutions are deployed in over 150 countries worldwide, and are helping more than 30,000 organizations.

The impact of a security breach can be devastating; lost business, lost productivity, lost reputation, and costly fines are just a few of the possible ramifications.

Don't leave your computers vulnerable to attack. To learn more about how Faronics can secure your endpoints, increase your system availability, and reduce IT support costs, visit [www.faronics.com](http://www.faronics.com).

The Students Have Tools & AIE is Unstopable By Dmitry Shesterin & Clara Hamagishi Granite School District is the second largest district in Utah. Many of their students were bringing in USB keys, CDs and portable drives with unauthorized programs. There was a lot of downloading and distraction in the classrooms. Granite School District was worried about the security of their computers and [...]
