ENTERPRISE SOLUTIONS FOR .NET DEVELOPMENT

2008 MEDIA KIT

Welcome to *Visual Studio Magazine*

Visual Studio Magazine provides independent, how-to, practical articles that teach enterprise developers how to create applications with Visual Studio better, faster and more easily. The award-winning editorial reaches the core of the Microsoft developer community. And you can too.

With a circulation of **85,000 subscribers**, *Visual Studio Magazine* delivers more development professionals than any other Microsoft-focused developer publication.

By combining print media with online and events, we serve all the information needs of our loyal, responsive developer community year-round. See inside for more details.

Visual Studio Magazine is part of the 1105 Redmond Media Group. RMG is a full integrated media business dedicated to serving all aspects of the Microsoft B-to-B market: the Microsoft IT professional, developer and partner.

Editorial Overview

Visual Studio MAGAZINE

Mission Statement:

Our goal as a magazine is to help Visual Studio developers implement solutions better, faster, and more easily.

To that end, we emphasize practical, code-based solutions that have a strong basis in the business world. A primary consideration when assigning and editing any article is whether it passes what we call "the keyboard test": to wit, does the article make you want to try out the technique described in the article immediately?

We at VSM are reader advocates. Our main allegiance is not to Microsoft, but to the developers who use its products, particularly Visual Studio. We do not let Microsoft review any content in advance of its publication, nor does Microsoft have any say with respect to the articles we run in the magazine. We welcome Microsoft's input about the magazine, but our first priority is serving the readers who use Visual Studio.

Editorial Leadership

Patrick Meader, Editor in Chief

Patrick Meader has been an editor at Visual Studio Magazine (and its predecessor, Visual Basic Programmer's Journal) for more than 12 years and the magazine's editor in chief for the past seven years. Before he joined VSM, Patrick worked at Keyboard Companion, a title that focuses on piano pedagogy.

REGULAR COLUMNS

Ask Kathleen

Sometimes popular or commonly asked questions have hard answers. So VSM is glad to have Kathleen Dollard at the helm of its Q&A-style column, which tackles everything from debugging to ADO.NET to user access control issues. Kathleen has been developing business applications for more than 20 years, programming in Visual Basic for ten years, and working with .NET since the early betas. Ask Kathleen covers topics from the relatively basic to the very advanced in difficulty, and neatly splits the difference between C# and VB .NET, reflecting the close to even split of C# and VB.NET business developers who comprise the magazine's core audience.

Rocky's Labyrinth

Rockford Lhotka writes the magazine's back page, where he takes an in-depth, critical look at the events and technologies that shape today's experience as a Visual Studio developer. Rockford is the author of several books, including the Expert VB and C# 2005 Business Objects books and related CSLA .NET framework.

On VB

Bill McCarthy is one of the foremost .NET language experts specializing in Visual Basic. He has been a Microsoft MVP for VB for more than eight years and interacts regularly with the Visual Basic development team, where he sits in on internal development reviews and helps to steer the language's future direction. Each month, Bill provides a sampling of two to four tips and tricks to help you get the most out of Visual Basic .NET. These tips and tricks serve not just to highlight what is possible in VB, but what is possible with the framework, and one of the best parts of this column is the way Bill casually drops insights into the language and underlying framework as a by-product of explaining how to accomplish intermediate and advanced tasks with VB.

C# Corner

Bill Wagner is the author of Effective C# and has been a commercial software developer for more than 20 years. He is a Microsoft Regional Director and a Visual C# MVP, and his column highlights highly pragmatic solutions that rely on C#. Bill's column emphasizes techniques that help you get the most out of C# in the context of maximizing your productivity. For example, a recent column topic explained how to design code to accommodate change and other columns have addressed reducing lines of code and maximizing performance in C#.

Visual Studio MAGAZINE

Visualstudiomagazine.com augments the print publication. Relaunched in November 2007, the dynamic site provides readers with how-to, real-world development content that Microsoft developers crave.

Our responsive online programs offer a direct gateway into the Microsoft developer community.

The screenshot shows the homepage of Visual Studio Magazine. At the top, there's a banner for 'VS Live! New York' with a date of September 16-19, 2007. Below the banner, the main title 'Visual Studio MAGAZINE' is prominently displayed. To the left, a sidebar lists various news categories like 'Hot Topics' (VB.NET, C#, ASP.NET, XML, Database, Classic VB, More), 'Network Resources' (Free Newsletters, RSS Feeds, Special Reports, Book Database, Tech Library, Podcasts, Videos, Sponsored Webcasts, Virtual TradeShows, Conferences, Advertise, About Us, Network Home), and 'HOT TOPICS' (Accelerate Apps with Velocity Reporting, Lighten Up Your Life). The central content area features a 'Rotator Box Kicker' with an image of a car, a 'Latest News' section with articles like 'Add Custom Colors to Your Forms', 'Generics: Move Beyond Collections', and 'Straighten Out Your Strings', and a 'Current Issue' section showing the cover of the magazine. A 'POLL' section at the bottom asks if Microsoft is responsive to developers' needs, with options 'Yes' and 'Mostly, but it sometimes takes longer than I'd like to see my needs addressed.'

.NET INSIGHT E-MAIL NEWSLETTER

.NET Insight takes subscribers through the maze of Visual Studio and .NET technologies, from development tools and platforms to hosted Web services and migration strategies. Get immediate and solid response to your advertisements in the weekly .NET newsletter reaching more than 200,000 subscribers.

BANNERS

Integrate banners into your branding or lead-generation campaign. Banner sizes include skyscrapers, leaderboards, rectangles and dogears.

WHITE PAPER LISTINGS

Promote your white papers or case studies in our Tech Library and gather high-quality leads from responsive readers. Our registration system requires readers to submit full demographics and confirm their e-mail address before they can download any resource.

WEBCASTS

Interact with our audience during these one-hour vendor presentations. You provide the speaker and PowerPoint presentation while we provide the production and promotion of the event. You'll come away with qualified leads, instant feedback from the audience through polls, surveys and Q&As, plus a recording of the event for your own use.

TEXT LINKS

Text advertisements, positioned at the bottom of each Web site page, provide a cost-effective enhancement to your campaign.

CUSTOM WEBSITE LANDING PAGES

"Own" a page on our Web site for your logos, product descriptions, white papers, software downloads and more. You provide the copy, we provide the promotion.

RESEARCH

Conduct valuable research quickly with online surveys to the audience segments of your choice. You supply the custom questions and we supply the questionnaire design, tabulation and promotion.

Meet One-On-One with Prospects and Customers

For more than a decade VSLive! events have set the standard of excellence in developer conferences. VSLive! conferences provide the ultimate educational platform for professional developers and development managers who want to get the most out of Visual Studio, the .NET Framework, and ASP.NET.

Media, files and proofs should be securely packed and shipped. Contents of the package should be identified on the outside as to publication date and type of material contained within. Please include the magazine name and issue date on all packages.

File Format

We support files generated by Adobe Acrobat using the 1105Media Print Driver and 1105Media Job Option Setting for Distiller, with specifications as listed below. Download printer driver & distiller settings from our web site at: <http://www.101com.com/services/DigitalAdRes.aspx>

In order to generate printable PDFs, it is important that the native file (QuarkXPress, Adobe InDesign or Pagemaker) is prepared accordingly.

Preparing native files for printable PDFs:

- Multiple pages need to be submitted as single page files
- Set bleeds 1/8" beyond trim
- All images/scans must be in CMYK mode, 300 dpi resolution
- DO NOT use stylized fonts
- Embed all fonts
- Use Postscript (Type 1) fonts only. No True Type, Windows/PC or custom fonts accepted, unless converted to outlines.
- Rules should be .25 point or thicker
- All elements must be placed at 100% size
- Avoid rotation and cropping of images in layout program
- Do not nest EPS files in other EPS files
- Four-color solids should not exceed SWOP density of 280%

Preparing a PDF file (Preferred format):

- Use 1105Media PPD Print Driver
- Use 1105Media Job Option Settings for Distiller
- **Set crop marks with a 12 point offset**
- **PDF file needs to be 1 inch larger than trim size of magazine and include crop marks**

Preparing an EPS file (Optional alternative format):

- EPS file formats from Adobe Illustrator, Adobe Photoshop or Macromedia Freehand must be a high resolution CMYK EPS file, layers flattened with fonts converted to outlines or paths.

Proofs

Provide two digital color proofs at 100% size, created from the supplied digital file, on a contract-quality, digital halftone proofing system in accordance with SWOP web coated standards (AGFA pressmatch, Kodak Approval, DuPont Waterproof, etc.).

Laser or inkjet proofs are not considered accurate in color and are supplied for content confirmation only. If supplied, the Publisher is not responsible for color variances between the digital file and final color reproduction.

IMPORTANT NOTE: If proofs are not supplied, the Publisher reserves the right to have them made at the Advertiser's expense, and make-goods due to reproduction quality will not be honored.

General Conditions

- A.** Advertising is subject to acceptance by Publisher as to character, layout, text and content.
- B.** The Publisher reserves the right to reject or cancel advertising that is not in keeping with the publication's standards.
- C.** Advertisers and advertising agencies assume all liability for all content (including text, illustrations, representation, copyright, etc.) of advertisements printed and also assume total responsibility for any claims arising therefrom against the Publisher.
- D.** Advertisements are accepted upon the representation that advertisers have all the rights necessary to publish the contents thereof. Advertisements must be factual, not misleading, and should not misrepresent any competing product or service or make an unfair, incomplete comparison.
- E.** Any attempt to simulate the publication's format is not permitted and the Publisher reserves the right to place the word "advertisement" with any copy that in the Publisher's opinion resembles editorial material.
- F.** Conditions, other than rates, are subject to change by Publisher without notice.
- G.** Positioning of advertisements is at the discretion of the Publisher unless agreed to in writing by the Publisher.
- H.** Publisher shall have no liability for errors or omissions in key numbers, Reader Inquiry Numbers or Advertisers' Index.
- I.** Advertisements not received by space closing date will not be entitled to revisions or approval by the advertiser or its agency.
- J.** Cancellations or changes in orders may not be made by the advertiser or its agency after closing date.
- K.** Advertiser is liable for any costs (design fees, set ups, additions or alterations to advertisements, logos, color, film, reprints, etc.) incurred in the preparation of its advertisement.
- L.** All insertion orders are accepted subject to the provisions of the current rate card. Proposal or request for advertisement based on reciprocal dealings will not be accepted. Publisher's suppliers, resellers or sales agents are cautioned that solicitation by Publisher's agents on any other basis is unauthorized.

M. Cancellation of space reservations for any reason will result in a shortrate based on past and subsequent insertions to reflect actual space used at the earned frequency rate.

N. Publisher shall not be liable for any costs or damages if it fails to publish an advertisement.

O. Publisher shall have the right to hold advertiser and/or its advertising agency jointly and severally liable for such monies as are due and payable to Publisher.

P. No conditions other than those set forth in this rate card shall be binding on the Publisher unless specifically agreed to in writing.

Q. Publisher is not liable for delays in delivery or nondelivery in the event of Act of God, action by government or quasi-governmental entity, fire, flood, insurrection, riot, explosion, embargo, strikes (whether legal or illegal), labor or material shortage, transportation interruption of any kind, work slow-down, or any condition beyond the control of Publisher affecting production or delivery in any manner.

R. Advertisers agree that Publisher has no obligation to maintain the confidentiality of submitted material until publication date and that while Publisher may, at advertiser request, adopt procedures to restrict dissemination of submitted material to lessen risk of disclosure, Publisher has no liability for its failure to do so.

S. As used in this section titled "General Conditions," the term "Publisher" shall refer to 1105 Media, Inc.

T. Governing Law, Attorney's Fees. This Agreement shall be governed by the laws of the State of California. Any controversy or claim arising out of or relating to this Agreement or the breach thereof will be settled by binding arbitration, which shall be conducted in accordance with the rules of the American Arbitration Association. There shall be one arbitrator in any such proceeding. Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The place of arbitration shall be Los Angeles County, California. Should either party commence arbitration to enforce or interpret this Agreement, the arbitrator shall have the discretion to award the prevailing party reasonable attorney's fees.

Commissions & Credit Terms

15% commission to recognized agencies. Payment of invoices is due upon receipt. A finance charge will be added at the periodic rate of 1.5% per month (an annual percentage rate of 18%) to any outstanding bill over 30 days. The 15% agency commission will not be paid after 60 days. Any delinquent account is subject to cancellation and shortrate.

Cancellations & Late Material

Notification of space cancellations must be received in writing by the space closing deadline. If cancelled after deadline, the advertiser will be charged for the insertion. Materials received after published deadlines are subject to a late insertion fee.

Advertising Frequency Contracts

Frequency contracts entitle advertisers to the discount rate as specified under "General Advertising Rates." A contract year begins with the date of the first insertion. Advertisers agree to pay shortrate for incomplete contracts. Advertisers with a 24-time or greater frequency contract must run a minimum of one advertisement in each issue during the life of the contract, unless they qualify for discounts based on multiple insertions in the same issue. Advertising rates are subject to change. Advertisers will be notified of any rate changes and all future ads billed at new rates.

Note: Please call for pricing on PMS colors, inserts, polybags, etc.

*Magenta, cyan or yellow—if more than one process color is used, the four color rate applies.
